

Logan Manufacturing's

1800 GROOMER

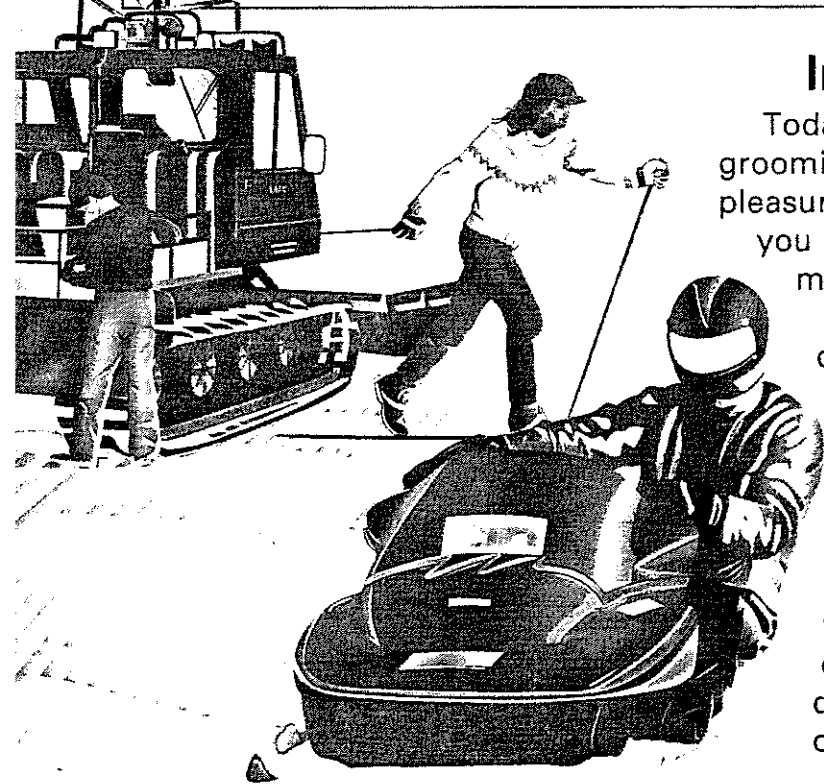

Innovation... Insist on it!

Today's winter enthusiasts know that quality grooming can make a world of difference in the pleasure of snow sports. To get a firm, smooth trail, you need a powerhouse which is both maneuverable and reliable.

Maintaining our nation's utilities is no less demanding. When your task involves rugged off-road terrain, sometimes getting there is half the battle.

With the LMC 1800 you'll have the diesel power and hydrostatic control you need to do the job in a package compact enough to make it easy. Choose from LMC's state-of-the-art implements and a full selection of options, and you get the versatility and dependability you demand—and your operators will love the comfort!
