

AQUA-TRAC ASTV

TAKE YOUR CHOICE!

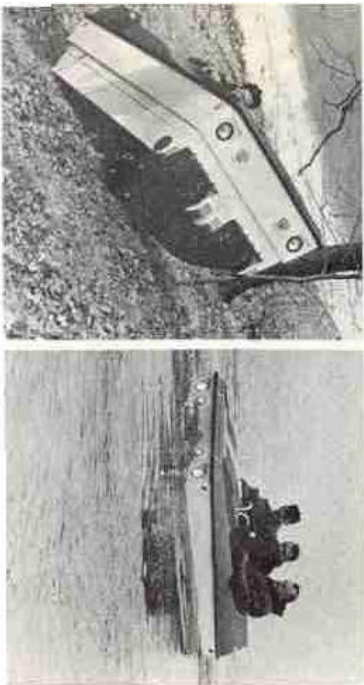

RIDGE RUNNER ASV

ALL SEASON VEHICLE

Aqua-Trac by Ridge Runner has captured the fancy of everyone who wants more than a plaything. Two-track vehicle with forward and reverse steering and "live" power to both tracks at all times. Lets you turn full circle inside its length. That's maneuverability you can't get anywhere else. Unbelievably stable in water with 650 lb. load. And 2,000 lb. drawbar pull to pull big loads.

Does everything that the Aqua-Trac does except travel through water. A big favorite with farmers and ranchers. With three-way, quick-acting blade, the Ridge Runner ASV is the niftiest snow plow around for driveways, sidewalks, parks, yards and more. Lets you climb over windrows and push the snow where you want it. Red, blue, yellow and black color selections.

Winter, water, woods or whatever. It's the Aqua-Trac that gets you there, ready for work or play. Roomy comfort...All Season Track Vehicle that is what it says.

Quad/Drive transmission
— a Ridge Runner exclusive
