

CENTAUR®

MOGUL *Master*

CENTAUR

MOGUL Master

The CENTAUR MOGUL MASTER combines the revolutionary technology of the amphibious CENTAUR manufactured by Ontario Drive & Gear Limited and the legendary MOGUL MASTER developed by The Shop Industrial. This competitively priced lightweight snowmobile trail groomer doesn't stop when the snow melts. Install the standard All Terrain Tires or the optional Rubber Multi-Purpose Tracks and get to areas not accessible by conventional vehicles for trail brushing, maintenance, bridge repair or signage.

- Two man cab with ROPS (Roll Over Protection Structure) and room for storage under seat
- Comfortable and easy to operate steering wheel, accelerator pedal and brake pedal
- Excellent rear visibility through convex rear view mirror
- Front and rear wipers and rear defrost
- Strobe beacon - front and rear working lights
- Removable steel frame canvas covered doors with zip open windows
- Driver's armrest toggle switches control electric/hydraulic solenoids for blade and drag control
- Rubber belted tracks with 21" steel crosslinks
 - 8 wheel, all wheel drive means low stress on track belting and provides exceptional traction and maneuverability
