

the AKTIV GRIZZLY

The GRIZZLY is the best heavy duty work vehicle available.

Features Include:

- 500 cc engine
- Forward and Reverse
- Cast-Aluminum Transmission
- Fan-cooled Drive System
- C.D.I. Ignition
- Electric Start
- Speedometer
- Heavy-duty Hitch
- Horn
- Rear Flood Light
- Large 8 gallon Fuel Tank

Its TWO tracks are each 15" wide and 148" long. This is the longest track available. The rear independent suspension allows you to back up with ease and

helps in rough areas where more track is needed on the snow. The front ski has two adjustable cutters for turning even with a heavy load.
