

# 100 FLEXMOBIL

The name is it  
all The

**Flexmobil is the ultimate in operating flexibility. It effortlessly masters the off road at speeds of up to 25 mph making it ideal for fire fighting or rescue efforts.**

**Whether in coastal marshes, on the desert or over mountainous terrain, the Flexmobil is an outstanding performer.**

**Active suspension** is the key for higher speeds in rough terrain. With a design patterned from military battle tanks, the Flexmobil has 10 sets of twin idler wheels to compensate for even the most extreme differences in terrain. The bonded rubber sprung trailing arms enable superior shock absorbing effect due to the generous spring travel.

**Superior roadability** is guaranteed due to exceptional track approach and departure angles. The wheel bearings are sealed against the intrusion of sand, mud or water. The endless rubber track equates to a smooth ride when traveling paved roads.

**Automotive style control.** The Flexmobil was designed with user friendly automotive style controls for ease of operation. The ultimate in utility vehicle ergonomics!
