

MODEL 500-A

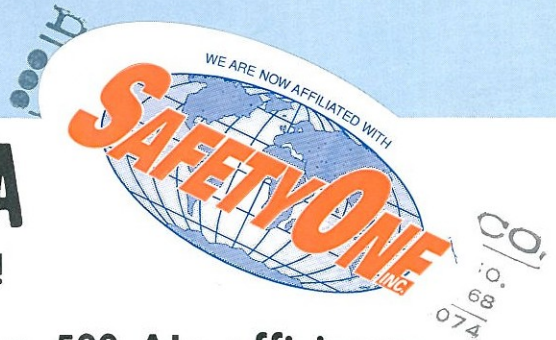

The proven performer in deep, soft snow!

Many improvements have increased the 500-A's efficiency and safety to a new high.

New gearing allows snow packing at an increased pace. New cab design offers 30% more glass area, and much more interior room designed for operator efficiency and comfort.

3 way hydraulic blade. Levels snow smoother due to the 4 drive stability of the Sno-Cat optional attachment.

Ask to see the 500-A perform on your slopes.
